Education

University of Warwick

October 2020 – July 2024

Philosophy, Politics and Economics with Intercalated Year Abroad (BA, 2:1)

- Relevant modules: Statistics (1st) & data analysis (group quantitative study, 1st). Micro/macroeconomics. Public Policy. Qualitative research – economic development. International Relations. Logic. Theory of computation. Design thinking.
- Year abroad in Vienna, Austria. Played squash in the Warwickshire league. Part of photography & music societies.

Wilson's School

September 2013 – August 2020

Selective Grammar School

A-Levels – Mathematics (A), Economics (A), Philosophy (A), Extended Project (A*)

GCSEs – 6 Grade 9s, 3 Grade 8s, 1 Grade A* and 1 Grade A

Work

SK Venture Partners (Private Equity – SpaceTech, AI)

August 2024 – October 2024

Market Research/Business Development Intern

- Worked with ex-NASA founder on a stealth venture which works on AI in drones and satellites. Began building outbound process from the ground up after conducting market research. Assisted with due diligence and experiments for BD strategy.

Quolum (Sequoia-backed Fintech Startup)

April 2022 – November 2022

Marketing Team

- Launched and project-managed the “Chief Future Officer” podcast as part of marketing efforts. Reached out to, researched, and helped interview 15 CFOs (including ex-LinkedIn CFO, founder of the Global CFO Community, and CFOs of unicorns). Designed banners in Figma, worked with external production team (managing data, editing transcripts), created the website, created content for marketing. Made a CRM in Notion for organisation and reported to the founder and head of growth.
- Managed social media daily, with an increase of >40% in LinkedIn followers (from 14k to 20k). Posted 100+ educational threads on several technical SaaS issues (e.g. compliance, shadow IT, shelfware). Used deep listening tools to identify public grievance and then reached out to offer support. Edited several technical blog posts for SEO & better readability.
- Worked with Founder to prepare for SaaStr Annual (conference with 10k attendees and 200 business sponsors). Designed visuals, ran social media promotion throughout (edited promo videos), helped with marketing strategy by conducting research.

UK Civil Service Fast Stream

April 2021 – May 2021

Policy Intern

- Worked in a COVID-19 response team during the pandemic. Delivered draft answers to Parliamentary Questions by compiling expert research. Researched protective equipment distribution & implications of policy on disabled individuals.

Pathfinder

January 2023 – July 2023

Sales Intern

- Sold executive community memberships to business executives through LinkedIn. Finished in the top 10% of the cohort.

anikrisn.com

Self-employed

- Commissioned to write video essays & SEO blog posts on tech (April 2022). Helped build an online medical encyclopaedia: website design, used Figma for wireframing (August 2023). Mastering engineer at university record label (January 2024).

Leadership

Warwick Kickstart Society - *Content Writing Executive*

November 2021 – April 2022

- Regularly contributed articles on tech, business, and philosophy, with 2000+ total article views. Maintained the website.

Warwick Entrepreneurs Society - *Talks Team Executive*

November 2020 – July 2021

- Helped organise the annual university conference despite COVID restrictions. Successfully prospected a group of 6 entrepreneurs to speak at the event, conducted research in preparation for the conference, documented details for future teams.

Debating President, Senior Prefect

September 2019 – July 2020

- Led junior & senior high school debating teams. 2x increase in members over the year (>100 students). Organised inter-school competitions, chaired lots of debates, coached juniors. Helped headteacher with admin & running various events.

Hobbies/Interests

Programming—wrote a Lisp interpreter in C. Familiar with TS/JS, HTML, CSS (made my site above).

I also enjoy producing music and playing blues guitar.
